RSCA Form: Technical Update

- ❖ Item C-2 (page 7) has been changed from, “The contractor personnel are performing on a government site” to “One or more contractor personnel are performing on a government site”.
 - This is a clarification that does not change the substance of the question: one or more contractor personnel performing on a government site should always have resulted in a “Yes” answer to C-2, so the wording has been changed to ensure this is clear.
 - The publication date for the Form was not changed, as this does not impact the substance of the question at issue.
