MEMORANDUM FOR Director, U.S. Army Manpower Analysis Agency (USAMAA),
Assistant Secretary of the Army, Manpower & Reserve Affairs, 5915 16th Street, Building 238,
Fort Belvoir, Virginia 22060-5514

SUBJECT: Request for Manpower Study

1. Include general description of study requested, specific portion of the organization to be
studied, along with reason for study, i.e., intended use of findings and recommendations. Also,
identify any organizational issues and critical processes that may need to be analyzed for
potential changes (improvements). Furthermore, describe rationale for why the study is needed
and how this supports DOD or Army priorities. This will help USAMAA identify the specific
type of study required and the potential approach that will be used. USAMAA studies generally
include determining manpower requirements, organizational changes, and process
improvements.

2. Include summary of manpower requirements currently on latest approved requirements
document, by type, i.e., military, civilian, and contractor and location(s) for organization (or
portion of organization) to be studied. Also, identify any major TDA/JTD or organizational
changes pending. This will help USAMAA determine the scope of the study.

3. Specify requested timeframe for study to be conducted and/or a no later than date, along with
reason. This will help USAMAA schedule the study.

4. Include contact information for organization’s point of contact (POC). USAMAA will
coordinate directly with POC and will respond back to the organization (via a memorandum)
once a determination is made if and when the study will be conducted.
